# **DLoG GmbH disposes of wholly owned subsidiary DLoG Manufacturing Solutions GmbH**

## **AUGUSTA Technologie AG discontinues low-margin software operations**

**Frankfurt am Main, February 14, 2007.** DLoG GmbH, a wholly owned subsidiary of Prime Standard member AUGUSTA Technologie AG (ISIN DE000A0D6612), sold 100% of the shares in its subsidiary, DLoG Manufacturing Solutions GmbH (DMS), to a strategic investor with retrospective effect as of January 1, 2007. The company generated sales revenues in the low single-digit millions and made a loss in fiscal year 2006.

"By selling DMS GmbH, we are putting our announcement of our goal of discontinuing low-margin operations into practice. Further sales in 2007 have not been ruled out," said Amnon Harman, Chairman of Augusta Technologie AG's Managing Board.

### **About AUGUSTA Technologie AG:**

AUGUSTA Technologie AG, which has been listed since 1998, is a technology group focusing on niche markets in the fields of sensor technology and IT. AUGUSTA's divisions integrate high-yield middle-market niche players. The companies in the AUGUSTA Group develop, manufacture and market leading-edge systems and product solutions.
